Violation Notice
STATEMENT OF PROBABLE CAUSE
(For issuance of an arrest warrant or summons)

Name: Corbet JUSTICE
Case Number: NP20105676

CVB Location Code: TE41

Citation Number: 7767777

I state that on August 10th, 2020 while exercising my duties as a law enforcement officer in the Eastern
District of Tennessee

At approximately 2210 hours, I received a report of a motor vehicle accident on US-441S near the Gatlinburg Boundary. When I arrived on scene, I observed a blue Dodge Charger and a blue GMC Sierra involved in a head-on collision. The Dodge Charger was facing southbound in the northbound lane. Witnesses informed me that the Dodge Charger made a U-Turn in the highway and then began traveling southbound in the northbound lane, striking the GMC Sierra. I was also informed by the witness that the Charger did not have headlights on even though it was dark, a known indicator of potential impairment by NHTSA. I identified the operator as Corbet JUSTICE. JUSTICE informed me that he realized he was heading the wrong direction and decided to make a U-Turn in the middle of the highway, resulting in a head-on collision. I observed a heavy odor of alcohol on JUSTICE's breath. JUSTICE had glassy, bloodshot eyes. JUSTICE informed me that he had consumed two margaritas and a Bud Light beer. JUSTICE later stated he had also drank a "Jack and Coke". JUSTICE displayed clues on the Standard Field Sobriety test indicating that he may be impaired. JUSTICE provided a preliminary breath test sample of .255BrAC. JUSTICE provided a breath sample on the calibrated intoxilyzer at Pigeon Forge Police Department of .198BrAC. JUSTICE was arrested for Operating Under the Influence.

The foregoing statement is based upon:

- ☒ my personal observations ☒ my personal investigation
☒ information supplied to me from my fellow officer's observation
☐ other (explain above)

I declare under penalty of perjury that the information which I have set forth above and on the face of this violation notice is true and correct to the best of my knowledge.

Executed on: 8-10-20
